Why choose Pit Stop Line?

MAXIMUM VALUE
Reduced spend

MAXIMUM UPTIME
Increased productivity

INCREASED SAFETY
Tyre safety simplified

REDUCED IMPACT
Less waste

SERVICE MADE EASY
Better planning

ON SITE SERVICE

“We are focused on forklifts, delivering service excellence and making sure our customers have the right tyre for their application.”

On-Site Fitting Service

We offer a range of onsite tyre replacement services via both mobile pressing and exchange wheels. Available in Northland, Auckland, Waikato, Bay of Plenty and Christchurch.

Nationwide Exchange Program

This service is available throughout New Zealand. Where we can't be on-site, this is the quickest way to get your forklift back up and running. A tyre and wheel assembly is sent to you ready to just bolt on, then return the old assembly to us. JOB DONE!

Fleet checks

We can check your fleet and give you up-to-date information on the condition of your tyres so you can plan your spend ahead of time.

Contact the team

For all your tyre and wheel needs phone or email one of our technical specialists
