AGRI STAR II - ROW CROP

R-1/R1-W

Alliance AGRI STAR II – Row Crop built on the proven SLT technology, the AGRI STAR II Row Crop delivers consistent traction and top-notch performance throughout its lifespan. Its strong casing enhances stability and supports heavy loads with ease. Designed for superior mobility on and off the road, this tire ensures smooth handling and driver comfort. The innovative dual-step tie bars promote excellent self-cleaning, while the elegant 5-spoke sidewall design provides a sleek look. Backed by a 7-year warranty, the AGRI STAR II is your reliable partner across all terrains-offering comfort, strength mile after mile.

Increased Land Area

- Provides a smooth and stable ride, improving performance across various terrains.

Dual Step Tie Bars

- Act as mud breakers, ensuring efficient self-cleaning.

Robust Casing

- Enhances durability, allowing for higher load carrying capacity at high-speed.

Overlapping Lugs at Center

- Enhances roadability for better Stability & driver comfort.

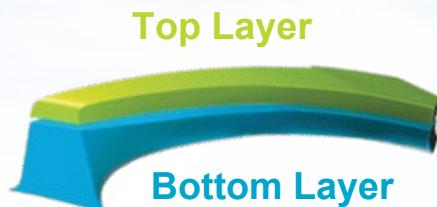

5-Spoke Themed Sidewall

- A unique aesthetic design that enhances the overall appearance of both the tire and the machine.

TRACTION THAT LASTS

AGRI STAR II features Stratified Layer Technology (SLT) - a breakthrough in agricultural tire design. Each lug is built with two distinct layers, ensuring exceptional performance throughout the tire's lifespan.

TIRE AT INITIAL STAGE

Top Layer: Provides powerful grip during initial use.

TIRE AFTER 40% WEAR

Bottom Layer: Engages after 40% tread wear, maintaining strong traction as if the tire were brand new.

HOW SLT BENEFITS YOU:

Consistent Traction

- Multi-angle lugs adapt over time for uninterrupted grip.

Extended Performance Life

- SLT ensures durability, maximising efficiency in the field.

Better Stability & Control

- Reduces skidding and enhances handling, even after prolonged use.

Distributor:

Yokohama-ATG (Y-ATG) is a global leader in the design, development, manufacturing and marketing of commercial tires for a diverse range of applications which include agriculture, forestry, construction, industrial, earthmoving, mining, and port operations. With an extensive portfolio of well established brands such as Alliance, Galaxy and Primex, Y-ATG provides customers the highest quality tires, the lowest cost of ownership and the utmost convenience. The diverse range of offerings from Y-ATG comprises over 3500 SKUs, ensuring that customers can find the ideal tires to meet their unique requirements for both aftermarket replacements and OEM solutions. With a robust distribution network, Y-ATG ensures timely distribution and service support in more than 120 countries globally.
